

# HYPERCELL

512 V Battery  
Voltage

> 8000 Cycle

Compatible with  
Most Inverters

Built In Wi-Fi

HYPER 1100 2.0

HYPERCELL

# HYPERCELL 100AH

LiFePO4 Battery

Hypercell batteries are equipped with a high-quality BMS from PACE and a 7-inch smart LED display for enhanced performance and monitoring.

## Product Data Sheet

Model	HYPERCELL 100AH-51.2V
Case design	
Battery Type	
Normal Battery Voltage(Vdc)	
Normal Capacity (25°C 0.2C) (Ah)	
Normal Capacity (25°C 0.2C) (WH)	
Standard Charge Voltage / Power	
Operation Voltage range / Cut-Off / Battery Full	
Max Continuous Discharge Current(A)	
Paralles Function	
Max Continuous Charge Current(A)	
Cells brand / Cycle Life	
Charging Temperature Range / Discharging	
Wi-Fi Module	
Storage Temperature	
IP degree	
Storage duration	
Safety standard	
Communication Port Optional)	
<b>PROTECTION</b>	
LxWxH (mm)	
Weight(G/W Kg)	
<b>DIMENSION</b>	
LxWxH (mm)	
Weight(G/W Kg)	

## KEY FEATURES

51.2V Battery Voltage

>8000 Cycle (80% DOD)

100A Max Continuous Discharge

Support 16 Units in Parallels

Smart BMS Protection

Built in Wi-Fi

Built in Communication Ports

Wall Mount & Floor Mount

7 Years Warranty
